

How to get the hair you've always wanted

GET the hair you've always wanted with Headroom Hair and hairdo clip-in Hair Extensions.

Now you can easily and affordably add length and/or volume to your hair with a fantastic new and easy-to-use product available at Headroom Hair.

Hairdo is a synthetic salon clip-in hair piece made from the finest quality synthetic hair fibre available.

The extensions are available in mid and long lengths and in either straight or softly waved textures

The hairdo system consists of one multi-level piece that creates an easy, fashionable style without the hassle of working with several individual pieces.

Use the long pieces, and short hair transforms to luxurious: below

the shoulder-length hair; long hair becomes thick and full.

Use the shorter pieces, and add volume to shorter hair or transform long hair into a 'to the shoulder' bob.

The extensions are available in 16 multi-tonal shades that have been created to blend with just about anyone's hair colour.

Affordable, lightweight and easy to attach, these virtually undetectable extensions can be put in and taken out in a matter of minutes!

So there's no need to just wish for that hair you've always dreamed of.

Call the great team at Headroom Hair in River Street, Ballina, to enquire about the great new hairdo system today on 6686 3111.

NO BAD HAIR DAYS: Headroom Hair and hairdo clip-in Hair Extensions can give you the style you want.
